## SENATOR LINDSEY

RESTED WELL LAST NIGHT BUT  
IMPROVEMENT IS TEMPORARY.

Frankfort, Oct. 9.—Senator Lindsey rested well during night. His improvement is considered only temporary.

## TIGERS COME BACK STRONG AND CAPTURE THE SECOND GAME OF WORLD'S SERIES

Knock Camnitz Out of the  
Box and Wrap Willis Who  
Succeeds Him Almost as  
Hard.

Pittsburg, Oct. 9.—Detroit came back strong today, and captured the second game of the world's series by the score of 7 to 2. They outbit the Pirates and the hits came with men on bases, counting considerably in the scoring. There will be no game tomorrow, the third game being scheduled for Monday, at Detroit. The Tiger rooters are wild with joy and say their pets will wind up winners of the series.

Pittsburg, Oct. 9.—The indications are that a greater crowd than the one yesterday will see the game this afternoon. Flushed with the victory of yesterday, the Pirates are sure of capturing today's game.

The Game By Innings.  
Donovan and Schmidt started the game for Detroit and Camnitz and Gibson for Pittsburg.

First inning—Detroit, 0; Pittsburg, 2.

Second inning—Detroit, 2; Pittsburg, 0.

Third inning—Detroit, 3; Pittsburg, 0.

The Tigers drove Camnitz from the box in this inning and Willis is now pitching for Pittsburg.

Fourth inning—Detroit, 0; Pittsburg, 0.

Fifth inning—Detroit, 2; Pittsburg, 0.

Sixth inning—Detroit, 0; Pittsburg, 0.

Seventh inning—Detroit, 0; Pittsburg, 0.

Eighth inning—Detroit, 0; Pittsburg, 0.

Ninth inning—Detroit, 0; Pittsburg, 0.

REPORTS FROM WASHINGTON.

Condition of Grains as Compared  
With That of Past Years.

Washington, Oct. 9.—The crop reporting board of the department of agriculture today made public the following estimates of crops on October 1 last:

Corn condition 73.5, as compared with 77.8 on same date last year; spring wheat quality 90.5, as compared with 83.1 in 1908; spring and winter wheat combined, average quality 90.4, as compared with 89.4 last year; oats quality 91.4, as compared with 81.3 a year ago.

The indicated total production of spring wheat is about 291,848,000 bushels, against 226,694,000, the final estimate in 1908; of spring and winter wheat combined 724,768,000 bushels, compared with 664,692,000 last year, and of oats about 982,618,000 bushels against 807,156,000 last year.

## Tobacco Association Elects Salesman Today

E. M. Farmer, a well known farmer and tobacco grower of Calloway county, was elected salesman for the Planters' Protective association today succeeding A. N. Veal at the Paducah salesrooms. Mr. Farmer will take charge immediately while Mr. Veal's intentions were not made known. W. D. Haden, of Marshall county, was elected local inspector. Mr. Veal has been in charge of the local salesrooms for three successive terms of one year each. He had made an efficient official but a change was decided upon by the new committee, consisting of the chairman of the counties included in this district. The new salesman will move to Paducah with his family next week. He has the privilege of naming an assistant. The committee selected a competent man in whom it intrusted the careful management of sales.

Mr. Hayden will go into office along with Mr. Farmer and will be a capable man for the position.

At the meeting today W. B. Blakemore, of Fulton county, assistant general manager of the association was present. He is here in the interest of the association. Also R. M. Terry, of Henry county, ex-chairman of that county was in attendance. The chairman of the different counties present were: Mr. Jackson of Henry county; Alvin Miller, of Marshall county; John

## OLLIE JAMES TO SPEAK AT HEATH

IN THE INTEREST OF COUNTY  
NOMINEES.

WILL ENDEAVOR TO "LINE 'EM  
UP" FOR TICKET.

It was announced last night that Congressman Ollie M. James would speak at Heath October 22 at 1 o'clock in the afternoon. It is regarded by many people as a plan of the Democratic nominees to try and whip the Democrats back into line. Many Democrats in the county are tired of the present methods and have decided to vote for a change. The Democratic nominees have discovered this in their canvass and are getting Ollie as the man to line 'em up straight for the ticket.

Congressman Ollie M. James spoke at Bardwell this afternoon at 1 o'clock and at Arlington at 3 o'clock. He is expected to arrive in Paducah this evening to remain over Sunday. Attorney W. V. Eaton, Democratic nominee for state senator, also spoke at Bardwell today.

## HENRY SINGERY

IS HIGHLY COMPLIMENTED BY  
WASHINGTON POLICE.

Patrolman Henry Singery, of the Paducah police department, has been highly complimented by the inspector of detectives at Washington, D. C., for his clever work in arresting Henry C. Davis, alias Chapman alias Banister, alias Harding, here on September 3. This morning Patrolman Singery received a letter from E. M. Cornwell, detective sergeant of the Washington detective bureau, saying that he had arrived in Washington with Davis, who was begging for mercy. The letter said he would plead guilty to the charge of passing forged checks in order to get through a prison term as quick as possible.

The arrest was made in Paducah by Mr. Singery the day following a telegram received from Washington asking the police to locate him. Singery's detective work on the part of Mr. Singery was made when he picked up bits of a letter which had been torn to pieces by Davis and thrown in the alley near the New Richmond hotel. This is strong evidence that he is the guilty man and upon this the inspector of detectives sent regards to Mr. Singery.

Deaths from hydrophobia in Europe average only a small fraction over one a year.

## PAT LAMOORE GOES FREE OF MURDER CHARGE

Jury Returns the Verdict of  
Self Defense at Noon  
Today.

Killed Deb Mason, Marine  
Engineer Last April

JURY WAS OUT A SHORT TIME

"Not guilty" was the verdict returned at noon today in the case of Pat LaMoore, charged with the murder of Deb Mason, a marine engineer, last April. The trial was stubbornly fought by both sides all the way, and after the arguments closed this morning the jury was out not over half an hour before the verdict was returned.

The defense used much evidence to prove that Mason had threatened the life of LaMoore many times, while about 18 months before the killing Mason cut LaMoore in five places. He was in a serious condition but recovered and they became friends again. Evidence was offered to show that LaMoore had ordered Mason out of his saloon several times and sought to avoid trouble. Mason was a large man physically while LaMoore is small, and the defense sought to prove he was afraid of the engineer. On the night of the shooting only a few people were in the saloon. Judge Sam Crossland was counsel for the defense, while Attorneys Hendrick and Corbett assisted Commonwealth's Attorney John G. Lovett and County Attorney Alben Barkley with the prosecution.

## INDIAN RUNS AMUCK TODAY

KILLS FATHER WHO DENIES  
HIM HIS DAUGHTER.

Steals Girl From His Side and De-  
camps.

San Bernardino, Cal., Oct. 9.—Out on "Bullion Peak" in the heart of the Mojave desert, Billy Boy, a civilized Indian, is making his last fight after the manner of his forefathers against a San Bernardino posse which wants him because he shot a white man and then stole and killed the white man's daughter. Three of the posse were seriously wounded and three horses killed in an attempt to get Billy down from the peak. Two weeks ago Billy fled to the desert from here with the daughter of Mike Boniface. The girl had fought desperately to get away and when she began to retard his progress so that the pursuers were nearing him, he shot her and left her on the sand. Billy wooed her a week and then demanded her from her father, who refused, making some choice remarks about redskins. Billy killed the father, lifted her from her father's side and carried her to the desert. He gained on the pursuers and reached the peak. He has been besieged four days but all attempts to assault his position have been fruitless. A deputy sheriff, an Indian trader and an Indian policeman were shot. The posse is now trying to starve him out. He is awake day and night.

## DEATH RATE

The report of City Health Officer H. P. Sights for September shows the smallest death rate since he has been in office. This speaks well for Dr. Sights and the board of health in their efforts to check the spread of contagious diseases.

## TUBERCULOSIS LEAGUE

PLANS A CARNIVAL.  
Officers of the Tuberculosis League of the McCracken County Medical society are contemplating arranging for a carnival this fall for the benefit of the tuberculosis movement in Paducah. Although the plans of the league are premature the officers feel confident that it would be a success. On being approached by the officers the city officials have shown much interest in the matter.

The Tuberculosis League is practically a new organization and an important step taken by the medical society. It being in need of funds to carry on the work of waging warfare against the White Plague, a carnival was mentioned and is being considered, although no time or location has been determined.

## COURT HOUSE GANG HAD TO BE FIXED ON THE CONTRACTS AND ONE GIVEN TO HENCHMAN

"This is the Fiercest Bunch I  
Have Ever Gone Against"  
Says President of Vincennes  
Bridge Company.

"This is the fiercest bunch in McCracken county that I have ever gone up against and I have been in the bridge building business for a number of years and now have something like 200 county bridges under construction. I had to 'fix' the whole gang. They held me up for 20 cents a barrel on the cement mentioned in the specifications and \$10 a ton on steel, and after I thought I had them 'fixed' they ran a competitive bidder in on me as inspector of the bridges and I had to give him the sub-contract for the Perkins creek bridge before I could get loose." This statement was made by Mr. L. T. Oliphant, president of the Vincennes Bridge company, which was awarded the contract for the erection of the Clark's river and Perkins' creek bridges. The statement was made to a prominent citizen of McCracken county and was used last night with telling effect by Mr. Thomas N. Hazell, who withheld the name but said he stood ready to back the statement up if necessary.

Before a crowded school house in the St. John's neighborhood in Harper's precinct, the candidates for county judge addressed the voters last night. Eager to hear how the county funds had been subject to graft and misappropriations, many stood throughout the addresses of Mr. Hazell and Mr. Barkley the nominees for county judge, while others unable to get inside stood outside the building at open windows. Rapt attention was given both speakers, and applause was limited as the taxpayers were anxious to learn everything each speaker had to say for his case.

Mr. Hazell made the charge that County Attorney Barkley had performed his duties only in part, and made no attempt to give him credit for things he has accomplished. He cited the fact that the county attorney had been zealous in fighting some cases to the appellate court because his advice was not heeded by the fiscal court, yet in other cases he may have given the law to the court but further steps were not taken.

As an example, Mr. Hazell cited the practice of trying prisoners in the police court, holding them over for minor offenses, and sending them to the county jail. Instead of the jailer bringing them at once before the county judge and giving them a trial he said they were kept in the county prison for months, then tried by a jury in the circuit court and sent back to jail. All the time the jailer is drawing 50 cents a day for board "Mr. Barkley," said Mr. Hazell, "if you were so busy shaving down the bill of the clerk, the coroner and the assessor, why didn't you get busy and cut down the bill of the jailer and his bill would not be from \$300

## Bank Clearings Show Big Increases For Week

Clearings this week...\$742,636  
Last week...449,091

The bank clearings this week reflect the heavy counter business at the banks the past several days, and show a big increase over last week. Retail business has been very good all week, due in a measure to the visitors attracted by the fair. The weather has been very unreasonable and considering this the retail trade has been excellent. A few days of cool weather will bring brisk trade. Paducah wholesalers say they have no cause for complaints over the volume of business just now, and local manufacturers continue to report very satisfactory conditions. The warm weather has been appreciated by the contractors and building trades, and much progress has been made. The present indications, however, are that there will be a great deal of building done all winter and labor will be kept well employed.

## The Weather

For Paducah and vicinity: Increasing cloudiness with rain tonight or Sunday; warmer in east portion tonight; colder in the northwest portion Sunday. Highest temperature today, 87; lowest, 60.

## CLARKE AND LEACH ARE THE STARS

WIN FIRST GAME FOR PITTS-  
BURG IN WORLD'S SERIES.

MULLIN PITCHES GREAT GAME  
BUT SUPPORT BLOWS UP.

Pittsburg, Oct. 9.—Pittsburg, National league champions, won the first game of the world's championship series by a score of 4 to 1, on Forbes' field. After the early innings, Detroit was outclassed in every department of the game, in the first sessions the American leaguers outplayed their opponents. Twenty-nine thousand two hundred and sixty-five paid admissions, a new record for the world's series games, witnessed the battle. Every available inch of seating space in the immense amphitheatre was filled. A great majority were Pittsburg supporters, but a large delegation of Detroiters made plenty of noise in the early innings.

Manager Fred Clarke and Tommy Leach were the stars of the Pittsburg aggregation. Clarke broke apparently the impregnable wall of Mullin's wonderful pitching with a smashing home run into the right field bleachers in the fourth inning and tied the score. This smash seemed to take the heart out of the Detroit team and scoring was comparatively easy for Pittsburg thereafter.

Leach Saved Game.  
Leach's sensational catch of a terrific drive from "Ty" Cobb's bat with two Detroit men on bases in the seventh inning saved the game. Leach was playing deep for Cobb, but this drive went almost to the center field stand and it was only after a hard backward run that the diminutive star was able to make the thrilling catch.

Both Mullin and Adams pitched admirably. Mullin allowed only five hits. The Pittsburg youngster was hit safely six times. Adams was unsteady in the opening round when he gave two bases on balls, and allowed two hits. After that Detroit was unable to get more than one hit in an inning.

Mullin was a complete enigma during the first three innings, when he

## CHARLES BROWN ACQUITTED.

Charles G. Brown was acquitted in circuit court this afternoon on the charge of false swearing.

As a precaution against the further spread of diphtheria the health department fumigated the school buildings. Only a few of the cases of diphtheria have been among the school children according to the health department, but nevertheless precautions are being taken.

## NIGHT RIDERS IN KENTUCKY AND LOUISIANA

They Burn a Barn In This  
State, In Bracken  
County.

And Murder a Man in Latter  
State.

THE MOTIVE IS UNKNOWN

Brookville, Oct. 9.—Bracken county night riders burned the barn of Ed Johnson and 4,000 pounds of tobacco. This is the first damage done by riders in the Burley region this season.

## NIGHT RIDERS IN LOUISIANA.

Lake Charles, La., Oct. 9.—Mc London Rhode Riguez, living five miles from Elizabeth, was killed by night riders, according to reports received here today. Rhode Riguez and his family had retired when a band rode up to the house and discharged a volley through a window and Rhode was wounded. Two masked riders then entered the house and walking up to the victim riddled him with bullets. There is no clue to the slayers or a known motive for the crime.

## "DR. M." LOSES

WINS FIRST HEAT BUT DROPS  
RACE AT MEMPHIS.

"Dr. M.," the pacer owned by Dr. Hugh Marshall, won the first heat in the 2:14 pace at Memphis Friday. Tom Settle drove him and made the heat in 2:07 1/2, but Dr. M. was not able to stand the gait, and lost to Robert Baros, although Dr. M. took second place in the second and third heats.

The Commercial-Appeal says: Speculation on the oral system was brisk for the 2:14 pace, each starter having backing. Doctor M., the property of Tom Settle of Paducah, Ky., moved off like a whirlwind in the opening heat and won in the fast time of 2:07 1/2. He was immediately installed top heavy favorite, but the fast clip took all the life out of the Doctor, who was never prominent in the after heats. Irby Bennett, driven by Ike Gronauer, a local enthusiast, cleverly won the second heat, but the class of the race settled down in the third and fourth heats, with Doctor M. and Chilly the Clipper furnishing the contention in both heats.

The meeting ends Saturday. Summaries:

## 3000 DROWNED

New Orleans, Oct. 9.—Between two and three thousand natives were drowned in a hurricane that swept the coast of Yucatan and Islands near there, off that section of the Mexican mainland, according to the captain and crew of the steamer City of Tampico, which reached here today. The victims were mostly poor fishermen.

## A GREAT TIDAL WAVE.

New Orleans, La., Oct. 9.—A great tidal wave swept in from the gulf and devastated the Mexican coast for nearly a thousand miles. All along this section fishermen and their families were killed. Waves ran so high that they not only engulfed victims, as they dashed in, but carried the bodies and shattered huts back into the ocean. Progression is about the center of the devastated section. This is the same storm that swept the Louisiana and Mississippi coasts and caused the death of more than three hundred persons. There was such devastation that it is impossible for relief parties to do anything. Two boats containing forty each, were among those that went down.
